

THE PREMIER BUNKER SUPPLIER

WWW.MATRIXBHARAT.COM

INDIA'S MOST TRUSTED BRAND IN BUNKERING

As a physical bunker supplier we are offering our customers high quality fuelling solutions.

Incorporated in 2008 in Singapore, Matrix Bharat Pte. Ltd. (MXB) is a joint venture between Matrix Marine Fuels Pte. Ltd. (MMF) and Bharat Petroleum Corporation Ltd. (BPCL). BPCL is the second largest national oil company of India armed with strategically located refineries with a total refining capacity of 31 million MT per annum.

MMF is a sister company of Bomin, the bunkering division of Marquard & Bahls, a Hamburg based family-owned company that operates in the fields of energy supply, trading and logistics. MMF holds a bunker license in Singapore for physical bunker deliveries.

MXB supplies bunkers across India and in Singapore. Our international team has long-term experience in the bunker fuels business, including marketing, operations and supply.

- ▶ **Our focus on product and service quality has built our reputation as one of the leading international suppliers of marine fuels.**
- ▶ **In India, we supply our customers with RME 180, RMG 380 and MGO (DMA) via pipeline and barging facilities in Mumbai and Kochi.**

Products and Quality

- ▶ The refineries of Bharat Petroleum Corporation Ltd. in India ensure consistently high quality fuel oil. We, in turn, supply our customers with first-rate marine fuels via barge or pipeline.
- ▶ Our products meet ISO 8217:2005/2010 specifications for international marine fuels - RME 180, RMG 380 and marine gasoil (DMA). We are committed to strictly adhere to all MARPOL guidelines.
- ▶ Every tank is quality controlled and certified by approved, independent inspection companies.

India Bunker Market Bonded fuel volume of approximately 1.2 million MT per year. 12 major ports and nearly 200 smaller ports across the vast Indian coastline of 7515 km. Port traffic is expected to grow at over 4% per annum. With improvements in supply, logistics and reduced port calling expenses, the Indian bunker market is expected to show greater growth over time.

- Supply from our own source
- Supplies arranged through local partners/barge operators

Mumbai One of the busiest ports in India and vessels can refuel whilst loading/discharging. There are close to 5,000 vessel calls per annum and the bunker

market demand is around 120 kt per annum. RME 180, RMG 380 and MGO (BIS Specs) are readily available. Bunker deliveries are performed by barge or via pipeline at specific berths.

Kochi Only port in India that allows bunker only calls supply at outer anchorage. The bunker market demand is around 200 kt per annum. RME 180,

RMG 380 and MGO (BIS Specs) are readily available. Bunker deliveries are performed by barge. Able to arrange agent on behalf of our clients for bunker only call vessels.

Why Choose MXB?

- ▶ Physical supplier with direct access to refinery products
- ▶ Quality assurance through pre-testing of products
- ▶ Supplies RME 180 / RMG 380 / MGO on both fixed and formula price options
- ▶ Capable of large stem deliveries
- ▶ Credit terms available
- ▶ Term contract offers
- ▶ Strong financial background
- ▶ 24/7 support, 365 days a year
